Re: Off-Site Rule Acceptability Determination  
All Safe Fire & Security  
MNR 000 001 164

Dear Mr. Stich:

This letter is in reply to your December 19, 2003 letter to Mr. William Damico regarding the All Safe Fire & Security request for off-site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (a) (4), my staff has determined that no relevant violations or releases currently exist at All Safe Fire & Security. Therefore, All Safe Fire & Security located at 915 Washington Avenue North, Minneapolis, Minnesota is acceptable to receive non-hazardous wastes from CERCLA sites.

The acceptability determination is based on the assumption that only non-hazardous waste for which All Safe Fire & Security is properly permitted will be shipped to this facility. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – DE-9J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely yours,
